

“POWERFUL TOGETHER”

NAWIC SOUTH CENTRAL ANNUAL FORUM 2019

ARKANSAS, LOUISIANA, MISSISSIPPI, OKLAHOMA, TENNESSEE, TEXAS

The NAWIC South Central Region is comprised of six states, numerous cities and has grown to currently be the largest region in the nation. Our region can boast about adding two new chartered chapters and has shown growth in membership. It is evident that our members value the benefits and opportunities offered by a national association that meets locally, regionally and nationally.

One of the best ways to support, enhance, and enable growth for women in the construction industry is by attending and participating at NAWIC conferences.

This years “Powerful Together” Forum will be held in downtown San Antonio, April 5-6, 2019. The conference will host NEF testing, seven rotating workshops, continuing education, business meeting for the South Central Region, POWERful Together Workshop, networking and more. Of course, it doesn’t hurt that you will be next door to the Alamo, walking distance to the Riverwalk, and all of the other treasures San Antonio has to offer.

We are proud to announce that we are inviting a limited number of students that attend a construction careers high school to join us at this conference with an assigned mentor (students will shadow the assigned mentor at the conference). It is an opportunity for the students to be around women in the construction industry, attend a professional conference, and encourage them to join the workforce.

Please join us at this regional event and commit your support by attending, by becoming a sponsor, assist in finding sponsors, and placing ads in the electronic program to promote: your company, your chapter members, your chapter officers, regional and national officers, etc. Recognition of the membership is a small way to express thanks for the time and commitment these members have contributed.

Behind this page you will find all the pertinent information for this conference including registration, sponsorships, mentorship and more.

Sponsoring this regional event allows NAWIC South Central to offer:

- Affordable Pricing of Attendance
- Programs, Speakers and Workshops
- Educational Classes: NEF Certification Testing and Continuing Education
- An Opportunity To A Construction Career Path High School Student to Attend The Conference At **No Cost**

Personal Growth, Networking and Workplace Enhancement

Thank you,
2019 Forum Committee

NAWIC
SOUTH CENTRAL
