President's Message:

Emily Mikeska with Ward & Moore Insurance Services will be our speaker and will talk to us about Surety Bonds.

We had 17 ladies attend our Hard Hat Happy Hour on June 12th at 1 35 Prime. Seven of those ladies were guests and Lauren Jarosek with Technology for Education (dba TFE) joined after that meeting. We are glad to have her as a member and also Erin McNamara Clark renewed her dues so we are glad to have her back in our chapter.

We have 15 members now and I hope it keeps growing. Sandy Marek and Pat Breen have come up with a new member incentive. For every member who refers a New Member, that member will receive a \$10 Starbucks Gift Card. For every New Member who joins, that New Member will receive a \$50 Amazon Gift Card. This incentive runs through July 13th. So ladies start recruiting new members and get your gift cards.

Above are some pictures from our June Meeting at 1 35 Prime. Two students from Skillpoint Alliance attended. They are taking the HVAC class and will graduate July 3rd. Eliza was advising them since she graduated in the first class over a year ago.

Our website www.nawicwaco.org is back up on the internet.

I am sorry that I left out of last month's newsletter that Katie Marek, Sandy Marek's daughter graduated from High School and she is going to Texas Tech and study Building Construction Technology. Karen Weatherford's daughter, Hayley Guinn, also graduated and is going to Universal Technical Institute in DFW area to study auto mechanics. Congratulations to these two young ladies for taking the next step in their education endeavors.
